Learn • Flourish • Achieve

Dear Parents/Carers,

Greggs have very kindly added us to their Hardship Grant Programme, this means we can submit one application a week to help our families.

They offer the grant to “help alleviate financial pressure felt by families, who find themselves in extreme hardship”

This means we can submit an application on your behalf for the purchase of a fridge, freezer, fridge/freezer, cooker or washing machine, clothing (inclusive of school uniform) or supermarket vouchers.

If this is something that you feel would be helpful to your family at this time, please contact the school on email [info@grasmereacademy.org.uk](mailto:info@grasmereacademy.org.uk) or text 07398 887 924 and we will get back to you, as we will need to ask for more information to support the application.

We can only submit one application per week, however, we will try and help as many as we can.

Best wishes

Kerry Lilico

Headteacher
