

Year3/4- Autumn term homework grid

The children can choose which piece of homework they would like to do. Homework must be uploaded onto Seesaw and put into the Home Learning folder. Homework can be completed throughout the half term there is no timescale. Each piece of homework holds a dojo value. 1, 2 or 3 dojo points can be achieved. The stars represent how much each piece is worth.

★	★ ★	★ ★ ★
Practice the 3,4, 7 and 9 times tables, and upload your work to seesaw	Complete the 20 min timetable challenge from the maths resources folder and post your work.	Complete homework assigned on Seesaw by Mr Straker. This homework will go on throughout the half term, there will be no weekly homework but, some added activities from time to time.
Write a character description of an imaginary character using lots of wow word adjectives to describe him or her	Write a set of instructions for a game, in your own words, or write some instructions for a made up game.	design your own light bulb labelling how it would work and the different parts of the invention.
Read your book in a strange place.	Make a shadow dial outside or using a piece of paper, check the shadow of you or a object from a different times of the day using the sun to cast the shadow.	Research natural ways we can create light, make sure it docent use any batteries or electricity from a plug!
Take a picture of how light effect our daily lives.	Research famous scientists who were involved in creating sources of light.	practice a dane routine from the 60s, 70s or 80s.
mind map different forms of light that you can think of.	Create some music using garage band on your iPad or using things you can find round the house to create a rhythm or tune.	Write your own journey story about a character that makes a great journey of discovery and come back a better person for it.
